

The **Classic Plastic Model Club** was organized in 1989 with the car modeling enthusiast in mind and the intention to draw model builders together as a group, share ideas, and have fun with the model hobby. This is accomplished by discussing techniques and how-to's, showing our latest in-progress or completed projects, traveling together to model car shows and encouraging our members to shop at local hobby shops.

All these topics and others are covered in our newsletter, which is published four times a year. The Club hosts our annual Model Car Exhibition in the fall, plus we also attend many other shows on a regional and national scale. The Classic Plastic Model Club is and always will be, a non-profit club organized by and maintained for the benefit of the model car hobby and its enthusiasts.

Club meetings are held the first Saturday of the month (unless it falls on a holiday weekend or the club has a special road trip event in progress) at the Dracut American Legion Hall (rear entrance) on Broadway Rd (Rte 113) in Dracut, MA. To get there take Route 93 exit 43 (from NH) or 43B (from MA) and head west on Rte 113 for approximately 4.5 miles. The meeting hall building is on the right.

If you decide to join, either detach the end of this sheet and mail to the address listed or come to a meeting to check us out (generally 25 to 30 members attend each meeting) and, if you like what you see and hear, join. Either way, this club appreciates your interest in us and in modeling in general. Help keep the hobby alive – join now!

Membership cost is only \$45 per year, renewable each January. Membership benefits, in addition to our month club meetings, include an entertaining club newsletter published four times a year, an annual Christmas party, Zoom meeting attendance option and monthly Zoom build-a-thon meetings as well as the opportunity to talk models with people as interested and skilled as you are.

Fill in the information, make check payable to Classic Plastic Model Club, cut at dashed line and mail to:
