

## Hyperbole

By Club President Paul Anagnostopoulos

Well, here we are in 2021 and there is a light at the end of the infinitely long tunnel. My family has been vaccinated and I know many of our club members have been, too. This is a big step toward getting back to some semblance of normal.

As most of you know, we suspended club dues for 2021. Instead, we asked members simply to mail in a renewal form. If desired, you can include a donation to our annual Toy Drive, aptly administered by Tammy and Joe Baril, with great assistance from Ed Arrajj and Tim Rhine.

Speaking of the Toy Drive; as of this writing we have about \$2,800 sitting in the bank waiting for Tammy, Joe, and Eddie to shop like crazy for toys. It is quite remarkable that our members have been so generous, particularly during a year that has been a bit difficult for some of us. But, as we all know, it's even more difficult for other families and their kids. Thanks to everyone!

When will we be able to restart our in-person club meetings? We don't know. The next step is to contact Jim at the VFW and find out when they will open the large upstairs room for gatherings. We are scheduled to call him in late May, when he hopes to have guidelines from the state and from Lowell. We are all looking forward to getting back together!

...and how about that club show? It appears that it will be difficult to hold our show in October due to various restrictions that the Lawrence Elks has to follow. We will discuss this at our May club meeting. One hope is that the restrictions will ease by July or August and we can jump back in.

Some of our members have been enjoying the monthly Zoom meetings and build-a-thons. Fantastic! If you haven't yet joined us, you can use Zoom on your smart cell phone, iPad-ish device, or laptop/desktop. A camera and microphone are helpful but not required. We start the meetings at 11:00 am and a few guys last until 4:00 pm. The official club meeting doesn't start until 1:00 pm, as usual.

Lots of really excellent builds are appearing on our Facebook page and at our build-a-thons. Thanks again to Joe Baril for administering Facebook. If you have a model that you haven't shown on Facebook, pop in and post a photo or two. Everyone loves to see in-progress builds, finished

projects, mini how-tos, jigsaw puzzles, car-toons, photos of real cars, and no politics.

My best wishes to all. See you soon and keep on buildin'!  
Paul

## On the road to normalcy...

by Associate Treasurer Tim Rhine

Hello fellow club members, I hope you and your families are well. We all know how bad 2020 was for all of us but I think now there is light at the end of the tunnel.

As a club we didn't do much of anything in 2020 but there is some positive talk about

having a show this year! Boy we all really want this to happen. Just the talk is giving us some hope and that is a good thing. There is even talk about having a 'live' club meeting by the end of the year, again, giving us some hope of normalcy.

In spite of the pandemic, so far this year a few club members were able to put together a small road trip with another one being planned as I write this article.

Earlier, Joe Baril, Eddie Arrajj and I hit the road to visit a few hobby shops on a small local road trip. We visited The Spare Time Shop in Marlboro and then drove a little further to Harry's Hobbies in Norton. We met a few more club members there for some good conversation and laughs.

I spent about \$300 on kits to help support our favorite hobby shops. After we left Harry's shop Joe, Eddie, Tom Hart and I had a nice lunch then headed home. It was not one of the grand road trips we are used to but it was a bit of normalcy. I really enjoyed seeing some of my friends and it felt nice to do something normal, even if it was only for a day.

I hope to see you all soon; as always be safe.  
Your French maid,  
Tim

## Virtual Meeting Notice!

Our June 5<sup>th</sup>, 2021 club meeting will be held virtually via the Zoom live meeting application. Paul A will send an email to all members and Art P or Mike S will send out a reminder email just before that date. Please contact Paul A (paul@windfall.com) if you did not get an invitation email to the meeting.

## Kit review: Tamiya Nissan 370 Z

by Associate Treasurer Tim Rhine

As a part of the Tamiya sports car series, the 1/24<sup>th</sup> Nissan 370Z Heritage Edition (kit no.24348-3700) was released in 2018. In typical Tamiya fashion the kit has a nice background information sheet to inform the builder about the history of the Nissan Z car.

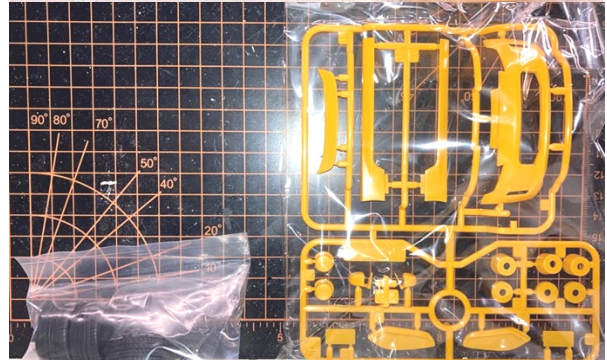

Kit parts are molded in three colors: the body in yellow, the chassis in gray/silver and all interior parts in black. Clear parts are crystal clear and also supplied are red tail lights. Soft rubber tires, with no marking on them are also supplied. With these colors the kit can be built exactly like the box art rendition.

The instruction sheet is clear and easy to read with paint color callouts.

I have not started the build as of yet but it looks like it will be another great Tamiya kit and should assemble fairly easily. Based upon what I see, I would recommend this kit.

Look for a review of the built-up in a future newsletter.

Thanks, Tim

## Kit review: Tamiya FZR750R (OW01)

by Guil Rosa

This is an old 1/12<sup>th</sup> scale model kit from Tamiya manufactured back in 1989. I bought this kit not long after I finished building my first motorcycle kit, the Honda VFR750R that you read about a few Newsletters ago.

This model kit consist of four (4) sprues, one of them made out of clear plastic, two (2) rubber like tires, thin and thick vinyl tubing, a spring, some screws, a Phillips screwdriver and a decal sheet.

After I studied the instructions, I started to make holes on the brake discs, what a job! After I cleaned up the parts, I shot some primer and when everything was ok, I started to paint the parts. I deviated from the instructions and decided to use Tamiya's Pearl White as the main color and also I used Bright Red on the rear wheel. One thing that I did for the first time was to use Bondic resin UV cure (<https://notagluue.com>) for the dashboard dials. I do recommend this system; it works very well.

An old kit means old decals and old decals means headaches! They were very fragile and I had many problems with them. The result was less than desirable and after shooting the clear coat, I ended up not using polishing pads, only the compounds from Tamiya along with wax.

Final assembly was a breeze without any problems. It is far from my best work but it was a good way to spend my winter days at home.

Stay healthy and safe everyone! Till next time.

Guil

## Virtual Build-A-Thon

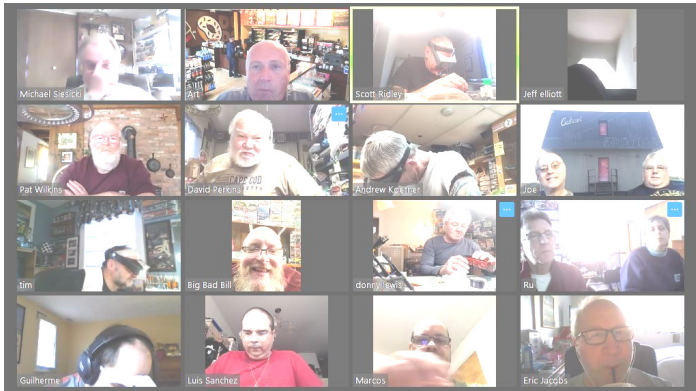

by Club Secretary Mike Siesicki

The Club has been sponsoring a monthly virtual Build-A-Thon for club members and a few special guests. Paul A emails out the Zoom meeting log-in information, followed up with a reminder email from me or Art P.

Instead of a monthly report, I thought it would be better to post one article in every issue of the club newsletter instead of one article for each Build-A-Thon. I want to do this as such since there is no set discussion and the talk ranges from what we are building to new techniques to new and old kits and everything else in between!

The attendees are usually- Paul Anagnostopoulos, Mike Siesicki, Pat Wilkins, Scott Ridley, Jeff Elliott, Dave Perkins, Donny Lewis, Dana Benoit and Andrew Koerner. We have others who join in for a few minutes to an hour just to say hello and to see what others are up to. Please feel free to stop in and say "hi" during one of our Sunday Build-A-Thon events!

Thanks...Mike

## Meeting Minutes

January thru April 2021

by Club Secretary Mike Siesicki

**Jan 2021:** We had 16 members attend the Zoom virtual meeting. Items discussed at this meeting were:

**Club membership dues** - No membership dues will be required to renew/join/re-join for the year 2021. It is suggested that members donate the \$30 dues they would have paid to the Club Toy Drive but this is a voluntary donation. If you choose to donate please send your donation via check to Tim Rhine or Art Paquin and they will make sure the funds go into the Toy Drive account.

**Free model kit** - Dave Perkins has a '64 Impala PE set to give away. Contact him if you are interested.

**Club banners** - The new club banner was donated by Jeff Elliott. It measures 2' x 6'. We also bought a 1' x 3' banner for the Club and both feature the club logo of Dana Benoit's custom model.

**Tech update** - Joe Baril has a new computer!!!

**Membership drive** - Jeff Elliott has several people interested in a meeting with the possibility of joining the Club if they are interested.

**Hyperbole** - Club President Paul Anagnostopoulos has made a suggestion about the right to bear arms...spell BEAR correctly! (Editor's note: those of us with extremely hairy arms do, in fact, have the right to bear arms but all in the US have the constitutional second amendment right to bear arms.)

**Meetings** - No face-to-face meetings for the foreseeable future. The Club is dealing with Covid-19 as best as we can. We have no idea when regular face-to-face meetings will resume.

### Non-Club Business -

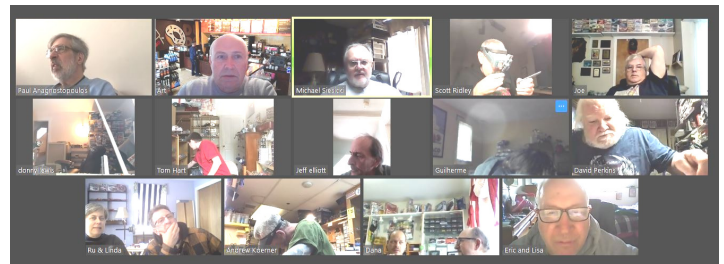

Many comments were made about Art's Zoom backgrounds and Eric Jacob's floating head.

Tom Daniels website ([www.tomdaniel.com](http://www.tomdaniel.com)) is selling old model kits that are/were his.

New nick-name for Art Paquin: Art the Thug!

### Show-N-Tell:

None

**Feb 2021:** We had 15 members and one guest (Ken Barry) attend the Zoom meeting. Items discussed at this meeting were:

**Toy Drive** - \$700 was deposited in our Toy Drive Fund.

**Membership Cards** - Since we've decided to waive membership dues for 2021 no new membership cards will be issued.

**Club Show** - the 2021 show is pending and we shall know more as the year progresses. This will be discussed in depth at the May club meeting.

### Non-Club Business -

**Model Shows** - Much discussion about cancelled shows for 2021. We do know that the DownEastCon has been cancelled with many more shows being cancelled as well due to Covid-19. Some Clubs are having virtual shows via the internet.

Trip to Harry's Hobbies by several members held on February 20th. Dana Benoit was the lead for this trip.

### Show-N-Tell

Donny Lewis - '66 Ford truck with dump body.

Scott Ridley - '40 Ford Tudor Custom

Dave Perkins - '59 Corvette

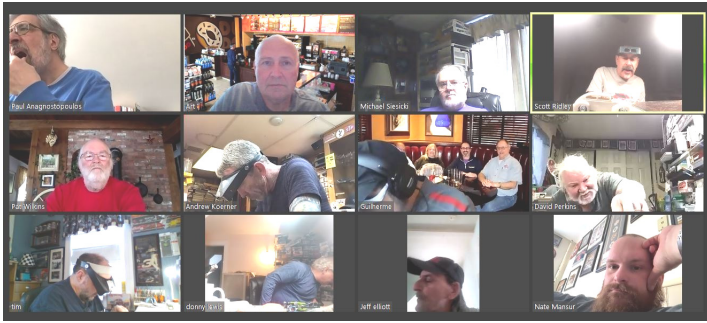

Mike Siesicki - Magnum PI Ferrari 308 GTSi, '71 Ford Ranger XLT pickup

Guilherme Rosa - Tamiya Jaguar XJ9R, Tamiya Williams Honda FW11

Andrew Koerner - Revell '30 Ford

Jeff Elliot - Gremlin Dirt Modified

Nate Mansur - NASCAR Chevy Tide racer

**March 2021:** We had 22 members and one guest (Linda Follensbee) attend the Zoom meeting. Items discussed at this meeting were:

**Toy Drive** – our Toy Drive fund is up to \$2797.

**Membership** - it is free for 2021. If you wish to make a donation to our Toy Drive fund of your \$30 membership dues please send a check (made payable to Classic Plastic Model Club) to Tim Rhine or Art Paquin. Donating to the Toy Drive fund is voluntary and anything you can spare is much appreciated. Don't forget to send in your membership renewal slip to Tim Rhine; you can always send in your Toy Drive donation later.

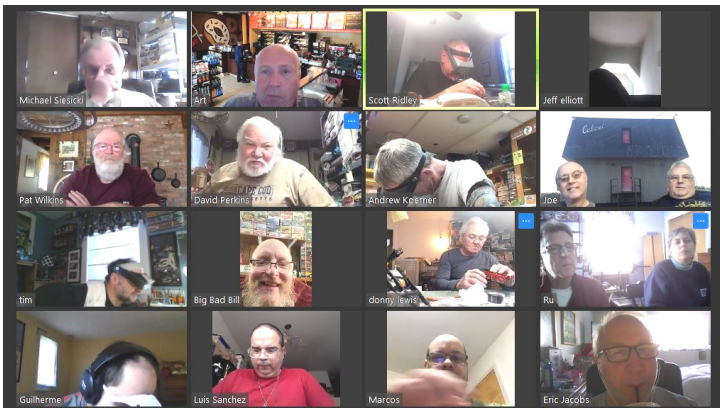

**2021 Show** - The Club Exhibition is still up in the air. Club Officers have decided to wait until at least the July Meeting to make a decision whether to have the Exhibition or not.

The Club is now up to 58 members. We are growing!

**Question** - Someone asked the question: "Who makes a resin conversion for the recently re-released Racers Wedge?" Does anyone know? Please present your answer here or on the Club Facebook page.

#### Show-N-Tell

Bill Aliferis - Superbird Pro Mod  
 Dave Perkins - Bugatti racer car, First Generation Corvette, Impala lowrider, '79 Penske-Sunoco race car.  
 Marcos Nanita - Dodge Pro-Mod, Willys Pro-Mod  
 Dana Benoit - King Chopper II, AMT '32 Ford Model B, RMR '53 Chevy Nomad  
 Tim Rhine - '63 Chevy Nova Station Wagon  
 Luis Sanchez - Gundam Graze Custom  
 Michael Siesicki - Jeep Wrangler Rubicon  
 Eric Jacobs - Snoopy and his Sopwith Camel Aircraft  
 Donny Lewis - Parts box Peterbilt, Titanic

**April 2021:** We had 18 members attend the Zoom meeting. Items discussed at this meeting were:

**Toy Drive** - \$2807 collected so far!

**Face-to-face club meetings** - Art will check with the VFW Hall for requirements and possibilities. President Paul C. Anagnostopoulos suggested maybe September would be best to resume those meetings.

**Del Paone** - Joe Baril visited with Debbie Klein (Del's girlfriend) just to see how she is doing and what the future holds. Debbie donated five kits to the club. We wish her all the best in the future as she's a very nice lady. Additionally, the Club would like to donate one of Del's built-up models to the International Modeler Builders Museum in Salt Lake City so we will need to develop a plan to obtain one. His work was so good it needs to be displayed at the national level.

**2021 Show** – To make a decision about the viability of our 2021 show we need to verify the following:

Will the deposit on the Lawrence Elks Hall still be good? (Yes, Frank Perez verified on 4/17/21 that our deposit for the hall will be held for our show in October; whatever year that may be).

Deadline for Hall and Tables - We need to discuss at the May meeting and set a hard decision deadline  
 Club Challenge class for our next show the subject will be 'Box Stock Street Rods' in honor of the late Barry Fadden.

**Membership renewals** - Send in the form that was mailed to you with at least your name on it. No renewal fees are due for the year 2021.

**Members Profile book** – it is free to new members, no payment due, Joe Baril handles this.

#### Show-N-Tell

Ruane Crummett - Dodge L700  
 Andrew Koerner - Dodge L700  
 Dave Perkins - Cord with flames, '66 Chevy Impala, Bugatti race car  
 Michael Siesicki - '71 Ford Ranger XLT, Volvo 850 Turbo Estate  
 Jeff Elliott - Salvino's Pontiac track car  
 Guilherme Rosa - '32 Ford Roadster, Tamiya Yamaha Motorcycle  
 Scott Ridley - '40 Ford Tudor with scratch built side panels  
 Donny Lewis - Parts Box Peterbilt truck

# DESERT SCALE CLASSIC **V17**

## Model Car Championship THE VIRTUAL VENUE

### ENTER NOW!

### DESERT SCALE CLASSIC 17

### DON'T MISS OUT !!

### ENTRY DEADLINE IS MAY 31<sup>ST</sup>, 2021!!

## WE ARE ACCEPTING REGISTRATIONS AND POSTING ENTRANTS AT [www.dscv17.com](http://www.dscv17.com)

STEP 1 - REGISTER FOR  
THE SHOW

Just like normal, register for the show, but instead of coming to Phoenix, you will submit a set of photos and some info about each model you want to enter. We'll use between five to twelve photos to judge each model and each category is judged by a team of experienced judges.

Once you register, we'll send you specific instructions on how to submit your model entries, along with the forms and a special email address of where to send things.

STEP 2 - SUBMIT PHOTOS  
OF YOUR MODELS

When you get the reply to your registration, just follow the instructions we provide regarding what kind of photos we need and where to send them, along with an entry form for each model.

We have a secure system in place so that you can safely send your photos - we even have a how-to created to help you take great shots with just the camera in your cell phone!

Our judging teams will then use the photos and info to judge the entries in each category.

STEP 3 - ENJOY THE SHOW  
FROM HOME

Once we get your entries, we'll post them and the information you provide to the correct category on this website in the Championship Section for you and the whole world to see!

On May 31, 2021 we will close submissions at midnight Phoenix time and begin judging. No additional entries will be accepted after that. But everyone can still view all the models! Around the end of June we will announce the winners on the website and send out the trophies by mail!

**BIG RULE CHANGE as of April 8, 2021 - Now Allowing  
10 (TEN!) Models per Modelers in EACH Category!!**

## Kit review: Revell VW T1 Camper

by Associate Treasurer Tim Rhine

Hello all. Here is my review of the 1/24<sup>th</sup> scale Revell VW T1 camper (kit no.07674, released in 2020) which contains 189 parts. This kit is rated as a skill level 5; for the skilled builder. It is in the Revell Germany packaging.

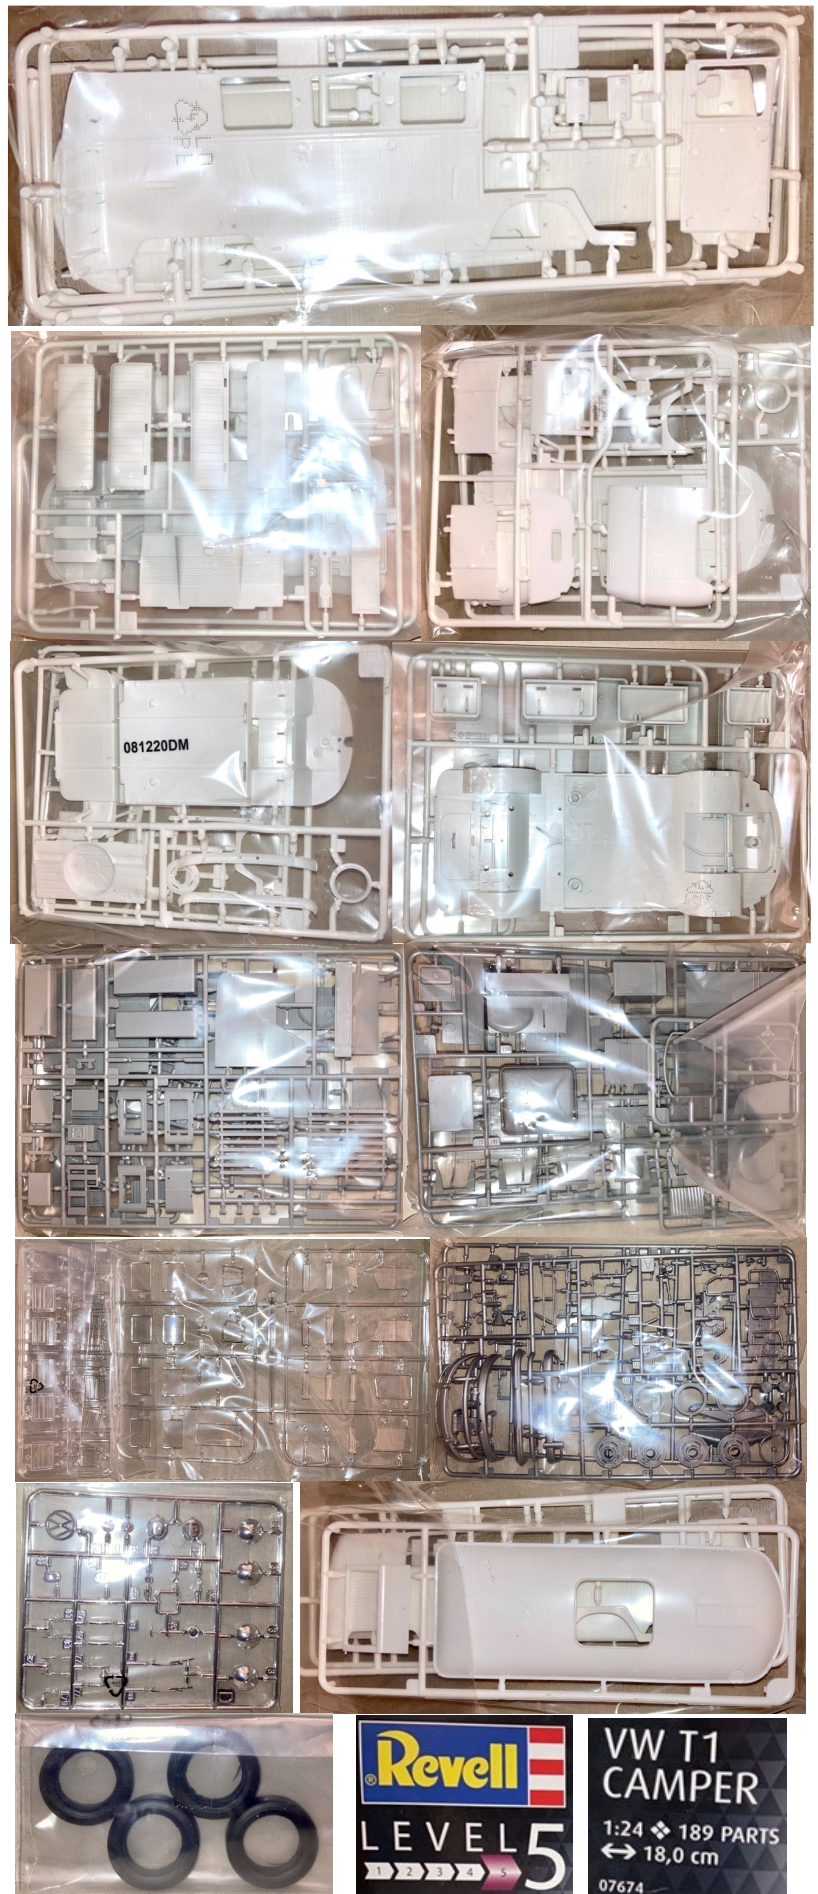

Looking at this kit it appears to be the same Revell kit that has been released a few times over the years. I built the original kit back in 2016 and it assembled well, with the multi-piece body being the biggest challenge.

Revell has added all the camper option items including a pop up top. There are a lot of options for this; it is a very detailed build. Assembly instructions are in the Revell Germany style (I personally don't like this format). Parts are molded in three colors: white, gray and silver. One small chrome tree and four, yes, four clear parts trees as well as four no-name soft rubber tires are also provided. All the parts are crisp and clean with absolutely no flash and minimal sink marks. Louvered side and back windows are a nice touch and appear to be well done.

Overall this appears to be a great kit and will be a highly detailed kit when assembled. It will take some time to build with all the detail painting that will need to be done. I'll write a build review of this kit in a future newsletter.

I do recommend this for the experienced builder otherwise proceed with patience and care. Until the next review, stay safe.

Tim

## Comments from the Editor

by Newsletter Editor Art Paquin

I would like to thank Guil Rosa, Tim Rhine, Mike Siesicki, Paul Anagnostopoulos and Joe Baril for their inputs and efforts to help produce in this newsletter issue.

The next deadline for newsletter article submission is **Friday, July 16<sup>th</sup>, 2021** with a scheduled distribution date of Saturday, August 7<sup>th</sup>, 2021. Please take some time to write something for our newsletter, it'll be much appreciated.

Please include photos with your article. Thanks, Art

Vendor table: (\$35.00) John Rauscher at 603-529-5644

To sponsor an award category (\$25.00) Bob Ingalls at 603-321-8699

## Contest Entry Fees

Adult: \$5.00 for the first four entries.

\$1.00 for each additional entry.

Juniors: Unlimited entries, Free

"In light of the current pandemic situation please be aware that neither IPMS/USA nor its chapters are liable for any potential transmission of illnesses. Those planning to attend this event should (a) follow existing safe social distancing recommendations and (b) abide by any local or state regulations regarding gatherings."

## Direction:

From Route 93 toll heading south to 293 Manchester get off at Exit 6.

From Mass heading north on Rt 3-293 into Manchester get off at Exit 6.

There will be a food truck on site this year

## Contest Rules:

- The contest is open to all registrants. Registration starts at 9:00 AM, and promptly closes at 12 noon.
- Models will be judged on overall workmanship (assembly, painting, decals/markings, weathering), representation, and affordable accuracy as outlined in The IPMS handbook.
- Each registrant will be eligible for one place award per category (no sweeps within a category). It is possible to win one place award and Best out of Box award for the same category when it is deemed applicable.
- To be eligible for the Discretionary award Best Out Of Box the entry must be built only using the contents supplied with the kit by the manufacturer. The only modifications permitted are tape or paper seat belts (not photo etched), antennas made from sprue, wire or other materials, changing decals, markings, or color scheme and drilling out barrels.
- Each entry must have been built by the registrant named on the entry form. Entrants in the junior categories may have received some assistance in the building their entries, but must have substantially completed the models on their own. No absentee registration, adult themes, subjects of a prurient nature, or advanced registrations will be accepted.
- No model entry which has won any prize at this local or regional contest, convention or has won any prize at any national, international contest, convention is eligible for an award.
- IPMS/Granite State Modelers reserve the right to delete/alter/split/combine or otherwise change the categories as the club determines to be appropriate based on the actual entries.
- The decision of the IPMS/Granite State Modelers head judge will be final interpretation or application of these rules.
- GSMC is not liable for any lost, missing or damaged items brought to the contest from visitors, vendors and contestants.

## Special Awards:

Kevin Campagna Award: Best super detailed armor piece.

Jack Sutcliffe Award: Best 1/48 scale prop aircraft.

The Judges Award: "Best of Show"

Best Chevy Vehicle

Best Ford Vehicle

Best Mopar Vehicle

Best Aircraft

Theme Award: "50 Shades of Gray"

Model must be painted in any shade between black and white, but not true black or true white. List of categories are on the next page. If the box is checked in OOB column it is eligible for Best (Out of Box) Award

# In Memory of Our Friends

As Memorial Day 2021 approaches, let's take time to remember and celebrate the memory of Classic Plastic Model Club active members who've passed on. Each contributed to the club in their own way; all leaving a lasting memory of their life on the club. May they all Rest In Peace.

Paul LaChapelle  
1992

John Chapman  
2013

Bud Carlson  
2014

Jon Talcott  
2017

Del Paone  
2018
