

## Pat Wilkins slides in...

By Club President Paul Anagnostopoulos

Recently, Mike Siesicki stepped down as club secretary for personal reasons. I would like to acknowledge his help over the years in that role. At our July meeting, Pat Wilkins volunteered to take over the job and the club unanimously voted him the new Classic Plastic Model Club Secretary, to add to his duties as club Kitmaster. Thanks for stepping in, Pat!

Our meetings at the Dracut American Legion continue to be enjoyable and productive. With Art Paquin providing meeting notes each month, and Tim Rhine conveying all the details at the meetings, our club members are well informed and can make excellent decisions regarding the critical issues that face the club. Trophies versus plaques, the next club build, who will be on the judging teams, whether small scale models can be entered in any class: these issues dwarf those on the worldwide stage in their gravity and far-ranging effects but are, nonetheless, important to us.

We have had particularly good turnouts in our monthly show 'n' tells. We used to present a trophy for the favorite model, chosen each month by the winner of last month's show 'n' tell. But, as an example of the deep issues facing the club, we decided a few months ago to stop presenting a trophy and instead allow the winner to select a model from our raffle collection. And what a collection it is. Tim Rhine continues to add new models each month, and club members continue to donate complete kits to the collection.

In July we had a silent auction for a small collection we purchased from a friend of the club. Auction income paid for the collection and made the club a little extra money.

Speaking of trophies, we decided to try plaques for our 2022 show. Class winners (except the Under 17 class) will receive plaques for the first through third awards, and the members' favorite winners will also receive plaques. The best-of winners will continue to receive trophies. We are currently figuring out what to put on the plaques. I think this is a change that people will appreciate, but the popular review awaits us in October.

At long last, I finished the 2010 Aston Martin DBS mild custom. Tremendous fanfare ensued. It awaits our show for its debut. My new project is the Revell Germany 1967 Chevelle SS 396. I made some simple body modifications to clean it up. I will probably hop up the engine a bit.

I'll also add extra detail where I feel like it, while ignoring extra detail in other areas. This is supposed to be much simpler than the Aston, he says.

Paul

## Hi everyone...

By our new Club Secretary Pat Wilkins

I know most of the CPMC members pretty well and hope this will help us get more familiar with each other and let the newbies get a taste of how my brain works.

A lot of us are busy building almost constantly, whereas I pick something...then change my mind again and again until eventually something gets finished...or at least started.

As we are alike in wanting to get builds done to show everyone our thoughts and efforts, my problem is usually deciding which project to do. There are many incomplete visions sitting in boxes in my hobby room – awaiting the muse to visit me, or, more likely, for me to gain the necessary chops to finish the next step. How to complete certain tasks or finesse the parts to be what I had hoped for is usually the next hurdle to overcome.

Members here are some of the most talented and helpful people ever. There is *always* someone who can answer modeling questions that crop up and many have innovative ideas to help with projects or have encountered the same things you (or I!) have. Make sure to avail yourself of all the expertise club members have to offer. I have been lucky enough to have given and been given much needed advice. It feels good to be on either end!

Another thing I try to keep in mind is how many project ideas are just waiting for us to drive by and notice. Keep your eyes peeled for your next "Aha" moment as you travel the highways and byways. Here is an example near my house - not that I'm doing it; not yet anyway.

I hope to do a good job as the new Secretary and will work to deserve the vote of confidence Art, Paul and Tim have given me. Thanks,  
Pat

## Kit review:

### Revell 69 Camaro SS 396

by Tim Rhine

Here is my review of Revell's 1/25<sup>th</sup> scale 1969 Camaro SS 396, kit number 85-4525, which was released in 2022 and is a level 4 build in their rating scale.

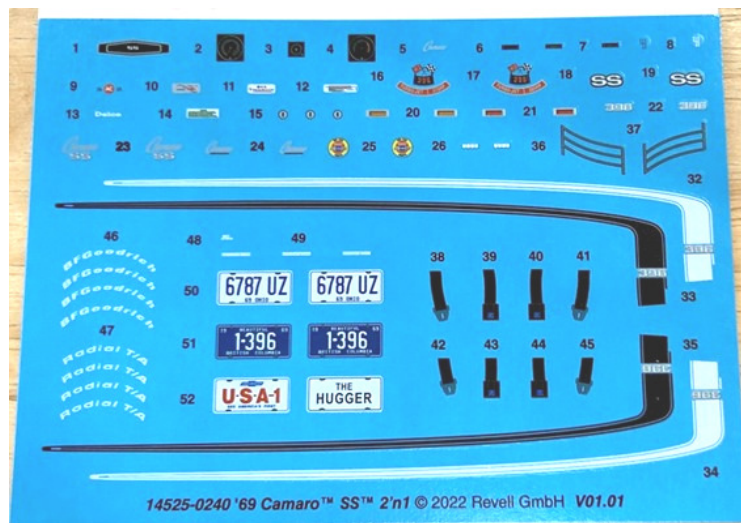

The kit is molded in white with 129 parts including four no-name rubber tires, clear parts and two sets of red tail light lenses (which, if you look closely, you'll notice they are different), two wheel options (rally wheels and steel rims with dog dish hubcaps) and two front grill options. It is a 2-in-1 kit that can be built as either a SS or RS/SS version and contains a great decal sheet with some fantastic details.

This kit has been released multiple times since new tooling, developed in 2001, was used. This version says "new tooling" on the box but, from what I can see, there's just a new SS dual vented hood included.

There are a few things I wish they had included in this 'new tooling' release, such as pad-printed tires, another exhaust option (this kit contains only the chambered exhaust and that was a rare option on the real Camaro) and Hounds-tooth pattern decals for the seats.

Overall it is another good kit from Revell that can be built up into a nice model. I've previously built this from an older kit release as the RS option version and look forward to building this again. From what I see here I would recommend this kit.

Until the next review...happy building and be safe,  
Tim

**Notice: We have brand new CPMC T-shirts available for purchase. See Tim Rhine at the next club meeting for information.**

## NorthshoreCon show review

by Associate Treasurer Tim Rhine

The Northshore Scale Modelers club held their 4th annual NorthshoreCon show on Saturday, May 14, 2022 at the K-of-C hall in downtown Peabody, MA

It was a great show put on by their whole club. There were a little over 300 models on display and the show had something for everyone: planes, Gundam, boats, SciFi, cars, trucks, etc., etc... They even had a little kitchen serving fresh pizza, hot dogs, drinks and other snacks. The hall was big with plenty of room to move and relax.

Classic Plastic was well represented, as always. Doc Freitas and I even did a little judging and, boy, I learned a lot. Members attending in addition to myself were our club prez Paul A (his first show in over two years and won a first place award!), Mike W, Linda and Ru (who is also a member of Northshore Scale Modelers club), Doc F, Mac J, Dave P, Bill A, Marcos F and his son, Bill Murphy (it was great to see Bill up and around and looking sharp!) and Tom H, who won three awards for his incredible 1/87<sup>th</sup> scale builds.

CPMC member award winners were as follows:

- Paul A (1 award)
- Linda/Ru (3 awards)
- Mike W (1 award)
- Dave P (4 awards)
- Marcos (3 awards) and his son (1 award)
- Tom H (3 awards)
- Tim R (5 awards)

A huge 'shout-out' goes to the guys and gals at Northshore Scale Modelers for putting on a great show. I hope they do it again next year.

If you were there and I missed you I'm sorry and if you weren't there then know you were missed. Until the next show...be safe. Tim

## RTS Expo Show review

by Guil Rosa and Tim Rhine

The RTS Expo Club had their second annual model car show and swap meet on Sunday, May 22<sup>nd</sup> at the Clarion Hotel and Conference Center in Taunton, MA.

This show, like many others, had been postponed a few times but that did not make it any less great!

Doug Estabrook, Ed DaRosa and Stu Marcus along with many other great people put on a terrific 2022 show. Sadly they announced this is the last year for this type model show and next year it will be more of a NNL style show.

The show had a great turnout and was attended by many outstanding builders and about 20 vendors selling everything model related and then some. It appeared there were over 300 models on display. In fact there were so many fantastic builds on the tables the judges had their hands full picking winners.

The RTS Expo Club gives out four awards per class; that's a lot of hardware given out! As always, Classic Plastic was well represented. The following members were there (if you were there and I missed you I apologize), with many winning awards. Mike Siesicki, Bill Aliferis (1 award), Tim Rhine (5 awards), John Davison, Eddie Arrajj, Paul Alphabet (the Prez), Guil Rosa (4 awards), Linda Follensbee and Ru Crummett (7 awards), Joe Baril, Dana Benoit (1 award), Mike 'Doc' Freitas, Mike Luzzi, Jeff Elliott, Doug Chase, Andrew Koerner (2 awards), Eric Jacobs, Tom Hart (2 awards), Moto Maguire, Marcos Fernandez (3 awards) and his son (1 award) and our newest member Jason Hanscom along with his wife Heather who both made the three hour trip from Wolfeboro NH to attend.

Overall it was another great day with friends and club members. Guil and I took many, many photos at the show. Included with this article is just a small sample of all the great models on display as well as club members enjoying a great event. As has become a club custom, after the show thirteen of us went to eat at the Chateau.

Until the next show, be safe  
Tim and Guil

**Congratulations to the RTS Expo Club for having a terrific 2022 show!**

## Meeting Minutes

May thru July 2022

by Club Secretary Mike Siesicki

**May 2022:** We had 21 members and attend the meeting in person along with four 'Zoomer' attendees.

Items discussed at this meeting were:

**Contest 2022** – Art Paquin will talk to Kate from the Lawrence Elks Hall about leaving show trophies at the Hall. John Davison is handling show tables. If you have a question or want to purchase a table, see John. John also has the list of current vendors for our show.

**GraniteCon 2022** - The Club has decided to sponsor two classes at their 2022 show:

- Category 206 Wheeled, Soft skin in Military
- Category 505 Street Rods 1948 or Older

**Raffle kits** - Thank you to all who have donated kits for the Club raffle! We now have plenty of kits for the monthly raffle and the club show. Please keep donating new sealed or opened kits! We also bought a small collection of 13 kits and 2 turntables from new Club member John Ellis for \$125. Included was a 1/8th scale T-Bucket by Monogram. Lastly, Darrell Hughes generously donated 30 kits to the club. Some will be used for our meeting raffle and some will be used for the show raffle. Thank you Darrell!

**Mini In-House Contests** - due to the poor turnout at our last meeting, contests are on hold until we can re-evaluate contest themes. We are open to any and all comments offered by members of the Club.

**Group mini-group build** - We are having a mini-group build with Guil Rosa and Marcos Nanita Fernandez with the Honda F1 model. Guil Rosa has completed his build portion already.

**Stickers** - Marcos Nanita Fernandez offered the Club Classic Plastic Model Club stickers. Thank you Marcos!

**Toy Drive** – Counting the \$175 added at this meeting, donations are at \$2494. Thanks to all donators.

### Raffle Winners -

Pat Wilkins - MPC 72 Chevy Racer's Wedge  
 Dave Perkins - Revell Porsche  
 Marcos Fernandez - AMT Chevy Funny Car  
 Mike Siesicki - Tamiya Morris Mini Cooper  
 Don Paquin - AMT George Barris T-Buggy  
 Joe Angers - AMT '71 Mustang  
 Ru Crummett - Resin Mustang Wagon

**Show-N-Tell:** S-N-T winner was Dave Perkins (Porsche 962 Coca Cola) and he picked the Revell-Monogram Shelby GT350H as his award

**Guil Rosa** - Aoshima 1/12th scale Honda CB400 Super Four, my first Aoshima model kit. It was a very quick and relatively easy build. My main difficulty was to cement the parts that form the bike frame. I had to try three different cements to find one that actually melted the parts together. Paints are all Tamiya TS, been the main parts Pearl Yellow.

**Pete Patalano** - Ford 1938 Pickup painted two-tone green and black

**Bart Navarro** - '65 Pontiac GTO built right out of the box finished off with Tertors Metallic enamel and One-Shot clear

**Bart Navarro** - Revell '56 Chevy built right out of the box finished off with Tertors Metallic enamel and One-Shot clear

**Bart Navarro** - Italeri US A1 Tank in winter camouflage and weathered using AK powder and paint

**Tom Hart** - Lee-Town Ford LNT-9000, pre-built bought today at a hobby shop, pretty interesting so I thought I'd bring it in for others to see

**Bill Aliferis** - Revell '99 LAPD Pro-Stock Funny Car built box stock

**Bill Aliferis** - AMT Pro Shop '71 Plymouth Duster 340; every part on this, except the body, has been customized...undercarriage, motor, interior, seats, steering wheel, wheels and much more

**Mike Siesicki** - Revell '68 Chevrolet Corvette L89 Convertible built box stock except '71 Corvette hood, engine 'modified' to the 'lesser' version with a single 4-barrel carb, triangular air cleaner and a distributor shield. Finish is Dupli-Color Forest Green Pearl over Dupli-Color Grey Filler Primer, interior finished with Tamiya TS-18 Semi-Gloss Black and Tamiya Matte Black

**Mike Siesicki** - Monogram '65 Ford Mustang Shelby Cobra built as a daily driver which also sees occasional track use. Paint is Model Master Acapulco Blue Metallic with kit stripes and a Tamiya Semi-Gloss Black interior  
**Marcos Fernandez** - Monogram '55 Chevy to be built up as a Gasser with a 3D printed 427 Chevy with Tunnel Ram and Dual Carbs

**Marcos Fernandez** - Tamiya Honda F1 RA272B built with a detailed engine and cockpit

**Tim Rhine** - '61 Chevy Corvair Rampside full resin kit built as shown

**Tim Rhine** - '72 Toyota Celica GT built box stock as a curbside

**Dave Perkins** - Hasegawa 962 Porsche curbside finished in Candy Apple Red and IndyCal Coke decals

**Dave Perkins** - Gunze Sangyo Porsche 934 painted Mica Red with IndyCal Coke decals

### Show-N-Tell photos from May meeting:

**June 2022:** We had 24 members and two Zoom attendees. Items discussed at this meeting were:

**Membership** - Two new members signed up today (Daniel Sierra and John Ellis)

**Contest 2022** - The club is debating trophies, plaques or a combination thereof for our 2022 show or the 2023 show. So far, plaques seem to be winning. The debate included a combination which includes a trophy for first place and plaques for everything else. Vendor Report; John Davison reports half the tables have been sold and some vendors have paid for them.

**RTS Expo show** - Bill Aliferis won an award at the RTS Show in May, but he left early and missed the ceremony. The award was presented to him at our meeting.

**Christmas Party** - It's never too early to consider our options. Given the incredible inflation we've all experienced we've decided to not do the Lenzi's party as we're sure it'll be too expensive and instead we'll probably either leave the meeting hall after our December meeting and have a restaurant meal or do some sort of bring-your-own potluck or order out for pick-up. We will decide for sure at the August meeting.

**Offerings** - A case of Revell of Germany '71 Olds 442 will be purchased and sold at the Club meetings.

#### Raffle Winners-

David Sierra - AMT Camaro and drill bits donated by Dave Perkins

Mike Siesicki - Revell Jeep Wrangler

Joe Baril - AMT Coca Cola Western Star

Joe Angers - Tamiya Taka Q Toyota

Moto Maguire - Testors Volvo

Bill Aliferis - Iwata Neo Airbrush-special raffle

**Show-N-Tell:** S-N-T winner was Paul Anagnostopoulos (Revell '68 Dodge Dart GTS)

**John Ellis** - '57 Ford, my first build at 10 years old, which was 63 years ago!

**Paul Alphabet** - Tamiya Aston Martin DBS mildly customized 2010 DBS-C finished in Tamiya Cobalt Green with Pearl Clear

**Bill Aliferis** - AMT '63 Shelby Cobra 289 Dragonsnake built mostly box stock except the 289 motor has been switched to a supercharged big block

**Bill Aliferis** - Revell Bob Glidden Pro-Stock Ford Probe built box stock except for motor change to the Dual Supercharged motor and painted my way

**Tom Hart** - Hale/ALF Water Tower truck, cab and tractor is from a Sylvan Scale Models kit with Tractor cabinet and trailer being scratch built

**Tom Hart** - IT Tunnel wrecker, cab has had major modifications to convert from Emeryville to Transtar, bed is scratch built with a lot of details, frame/wheels/cab are from a Sylvan Scale Models kit

**Mike Siesicki** - Revell '63 Chevy Corvette Split Window Coupe rebuilt using Pegasus 19" and 23" Chrome Ts wheels and tires; parts box steering wheel and column, rear

bumpers and side pipes, finish is Dupli-Color Emerald Green Metallic & Tamiya TS-29 Semi-Gloss Black interior  
**Mike Siesicki** - Revell '49 Mercury 'Woodie' with parts box chrome reverse wheels, wired Cadillac engine, dual 'Cherry Bomb' mufflers and custom visor mounts

**Mac Johnston** - Polaris Snowmobile by an unknown resin manufacturer, opened track suspension area and added dry transfer letters

**Mac Johnston** - Tamiya Simca WW2 vehicle, added an interior, opened up the air vents in the cowl, opened the door, replaced right door skin with copper sheet to make a detailed door, finish is Tamiya paints

**Dave Perkins** - Cars that made Carroll Shelby famous: Cobra 429

**Dave Perkins** - Cars that made Carroll Shelby famous: Cobra 289

**Dave Perkins** - Cars that made Carroll Shelby famous: 1/43rd 289 Daytona Coupe

**Dave Perkins** - Cars that made Carroll Shelby famous: Ferrari 250GT

**Peter Patalano** - '40 Ford Coupe built box stock and painted Sand color

**Tim Rhine** - AMT '72 Corvette (snap kit) built box stock

**Tim Rhine** - '65 Ford Falcon promo, restored the paint and chrome, added tires and wheels

**Tim Rhine** - '65 Ford T-Bird promo, restored the paint and chrome

**John Davison** - my future project: an authentic old 1950's Revell Hot Rod kit (purists are cringing right now)

#### Show-N-Tell photos for June meeting:

**July 2022:** We had 20 members and three Zoom attendees. Items discussed at this meeting were:

**Membership** – We had one new member (actually a returning club member) Nate Bemis join today

**Club Secretary** – Mike Siesicki resigned from the position and Pat Wilkins agreed to take over. Thanks to both for their service to the club

**Contest 2022** – Awards types have been determined and a quote has been requested. John Davison reports all show tables have been sold pending payment. Wiz will be making special CPMC award labels

**Christmas Party** – we briefly discussed our options and tabled a decision until the August meeting

**John Ellis collection** – During the past two meetings we've managed to sell off the recently purchased (\$125) Ellis collection for \$184 which helps us defray meeting costs using the \$59 profit from kit sales

#### Raffle Winners-

Ruane Crummett - Cat bulldozer

Mac Johnston - Revell Bronco

Jeff Elliott - '29 Ford Model A roadster

Ruane Crummett - AMT Ford Galaxie police car

Moto Maguire - Tamiya forklift

John Davison - Revell '30 Ford Woody

Don Paquin - '66 Shelby GT

Paul Yergeau - AMT box trailer (gifted to Tim Rhine)

**Show-N-Tell:** S-N-T winner was Peter Patalano

**Dana Benoit** - AMT '69 CougarStang, replaced the roof and trunk on the Cougar with that from a '67 Mustang Cobra GT350

**Mike Woods** - Revell Enzo Ferrari snap kit, curbside with no motor (it's molded in!), painted (via rattle can) Metallic Red exterior and Navaho White interior with brush painted details

**Mike Woods** - Revell Dodge Pickup snap kit, painted (via rattle can) Yellow exterior and off-White/Russet interior with brush painted details

**Mike Woods** - Revell 2014 Corvette snap kit, painted (via rattle can) Metallic Green exterior and Navaho White interior with brush painted details, Rubenesque young lady figure hides a stress crack in the rear window

**Mike Woods** - Imai Silver Moon 1/35th scale motorcycle, rattle can Metallic Green and brush painted details

**Mike Woods** - Various figures in 28mm, 1/35, 1/16 and 1/6 scale, all brush painted using Acrylics

**Nate Bemis** - Monogram Penzoil Sprint Car, Kit 2445 from 1993 but built in 2021, many of the old decals were not usable and replaced with aftermarket otherwise built box stock

**Nate Bemis** - Gunze Sangyo Porsche 935 motorized kit G-138:600 built in 2022, discarded the motor and hardware so it is for static display only

**Nate Bemis** - MPC Ramchargers AA Fuel Dragster, kit 30108 (1968 new tooling) built in 2022 with aftermarket wire wheels and drag chute, otherwise built box stock

**Moto Maguire** - M911 Oshkosh heavy duty truck kit

**Moto Maguire** - bright yellow (like his shirt) Hummer

**John Davison** - Monogram '33 Ford snap kit painted Testors Blue and Black enamel

**Tim Rhine** - 1955 Chevy Convertible built in memory of Deb Maguire

**Tim Rhine** - Revell '55 Chevy Hardtop in progress

**Peter Patalano** - '40 Ford Sedan painted Mica Red

#### Show-N-Tell photos for the July meeting:

## Club van project

by Art Paquin

Recently, a few members of the club took on a new collaborative modeling project to build up a resin cast Step Van which has been generously donated to the club by member Jeff Elliott.

There appears to be some consensus about what the final product should look like, however, I'd like to throw a creative suggestion into the 'consideration ring', as it were.

We're all a bit older than average so it's not unreasonable to assume we are very familiar with the 1970s era classic movie 'Up in Smoke' starring the comedy team of Cheech Marin and Tommy Chong.

I suggest the 'Yesca' van be recreated so that the two hippie stoners can ride again. The van looks pretty close so the fantastic modelers in the club should be able to modify the resin body accordingly. Finding the '54-'55 Cadillac rear quarters may be tough but I know our guys have the skills and creativity to make this happen.

The real vehicle stills exists in California (owned by a pot dispensary no less) and there are several video clips on-line for additional replica information sources.

If you feel ambitious you may wish to include the two hippie stoner characters as seen below.

What do you think, can they pull this off?

I can hear the 'doo doo doo doo doodoo doot' Low Rider song in my mind right now (I bet you do, too.)

Thanks,

Art

## Comments from the Editor

by Newsletter Editor Art Paquin

I would like to thank Guil Rosa, Tim Rhine, Mike Siesicki, Paul Anagnostopoulos and Pat Wilkins for their inputs and efforts to help produce this newsletter issue.

The next deadline for newsletter article submission is **Friday, October 21<sup>st</sup>, 2022** with a scheduled distribution date of Saturday, November 5<sup>th</sup>, 2022. Submission of articles, pictures and comments are much appreciated.

Thanks, Art
